INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
The Fund for New Jersey

We have audited the accompanying financial statements of The Fund for New Jersey (a not-for-profit organization), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Fund for New Jersey as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

THE FUND FOR NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Note 1 - Organization and Summary of Significant Accounting Policies

a - Organization

The Fund for New Jersey (the "Fund") is a not-for-profit private foundation. The Fund's purpose is to distribute grants to organizations dealing with current public policy issues facing New Jersey in order to promote social improvement within the State of New Jersey.

b - Cash and Cash Equivalents

For purposes of the statement of cash flows, the Fund considers all unrestricted highly liquid debt instruments, purchased with a maturity of three months or less, to be cash equivalents, except for those short-term investments managed by the Fund's investment managers as part of their long-term investment strategies.

c - Fair Value Measurements

Fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). Fair value measurements are not adjusted for transaction costs. A fair value hierarchy prioritizes inputs to valuation techniques used to measure fair value into three levels:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 Quoted prices for similar assets or liabilities, or inputs that are observable, either directly or indirectly, and reasonably available. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the Fund.
- Level 3 Unobservable inputs reflect the assumptions that the Fund develops based on available information about what market participants would use in valuing the asset or liability.

An asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Availability of observable inputs can vary and is affected by a variety of factors. Level 3 assets and liabilities involve greater judgment than Level 1 or Level 2 assets or liabilities.

THE FUND FOR NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

d - Investments

Investments in cash, equities, fixed income securities and mutual funds are measured at fair value based on quoted market prices. Investment income, including realized and unrealized gains and losses on investments, are reflected in the statement of activities as increases and decreases in unrestricted net assets unless their use is temporarily or permanently restricted by explicit donor stipulations or by law.

The Fund's alternative investments, which do not have readily determinable fair values, are reported based upon the underlying net asset value per share or its equivalent as a practical expedient. The net asset value per share is estimated at fair value by the fund manager or general partner in a manner consistent with accounting principles generally accepted in the United States for investment companies. The Fund and its investment consultant reviewed and evaluated the values provided by the fund managers and general partners and agree with the valuation methods and assumptions used in determining the net asset values of these investments. These estimated fair values may differ significantly from the values that would have been used had a ready market for these investments existed.

e - Equipment

Equipment is recorded at cost and depreciated on a straight-line basis over its estimated useful life.

f - Grants Payable

Unconditional grants are accrued at the time awarded. During 2015, the Fund awarded two conditional grants totaling \$50,000, which will not be recorded until the grantees meet certain conditions set forth by the Fund.

g - Financial Statement Presentation

The Fund reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

h - Tax Status

The Fund is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code but is subject to a 1% or 2% federal excise tax on net investment income, as defined, which includes gains realized on the sale of investments. Deferred taxes represent 2% on the unrealized appreciation in the market value of investments.

THE FUND FOR NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

h - Tax Status (continued)

The Tax Reform Act of 1969 and subsequent amendments require that certain minimum distributions be made in accordance with a specified formula. The Fund has made distributions and expenditures in excess of the amounts required.

i - Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

j - Subsequent Events

The Fund has evaluated information relating to subsequent events through June 7, 2016, the date that the financial statements are considered available to be issued.

k - New Accounting Pronouncement

In May 2015, the FASB issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)* which amends disclosure requirements of Accounting Standards Codification Topic 820, Fair Value Measurement, for reporting entities that measure the fair value of an investment using the net asset value per share (or its equivalent) as a practical expedient. The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient, and also remove the requirements to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The ASU is effective for the fiscal years beginning after December 15, 2016, with early application permitted. The Fund elected to adopt ASU 2015-07 as of December 31, 2015. Where appropriate, disclosures related to 2014 have been adjusted following the early adoption of the ASU 2015-07.

Note 2 - Concentration of Credit Risk

The Fund maintains its cash and cash equivalents at two financial institutions, which at times, may exceed federally insured limits.

THE FUND FOR NEW JERSEY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

Note 3 - Investments (continued)

The following are descriptions of the investment strategies of these investments:

Non-US Equity - Invests in securities of public companies listed on exchanges outside the United States.

Long/Short Equity - Invests in long and short securities with varying degrees of exposure and leverage. These strategies may be broadly diversified or focused by region or sector.

Global Multi-Strategy - Broadly diversified hedge fund which utilizes several strategies (event driven, relative value, equity hedge, and macro) within the same pool of assets. Multi-strategy hedge funds are designed to reduce overall portfolio volatility and decrease asset-class and single-strategy risks.

Emerging Markets - Invests in a select subset of international hedge funds to provide investors with more targeted exposure to particular regional markets.

Note 4 - Equipment

Equipment consists of the following at December 31:

	<u>2015</u>	<u>2014</u>

**INDEPENDENT AUDITORS' REPORT
ON SUPPLEMENTARY INFORMATION**

To the Board of Trustees of
The Fund for New Jersey

We have audited the financial statements of The Fund for New Jersey as of and for the years ended December 31, 2015 and 2014, and our report thereon dated June 7, 2016, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Functional Expenses for the year ended December 31, 2015 with comparative totals for 2014 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.
